THIS MATTER COMES BEFORE the Court upon the stipulation, set forth below, between the State of New Mexico (the "State") and the water rights claimant(s) named in the case caption above (collectively, the "Claimant"). The Court, based on the stipulation between the State and the Claimant and its examination of the Court's file, FINDS AND CONCLUDES THAT:

1. The Court has personal jurisdiction over the State and the Claimant and has *in rem* jurisdiction over all water rights in the Animas Underground Water Basin (the "Basin"). Notice of this Court's *in rem* jurisdiction was served on all water rights claimants in the Basin in accordance with Rule 1-071.2(C) NMRA and the Case Management Order Mandating Basin-Wide Issue Proceeding and Expedited *Inter Se* Proceedings and Prescribing Procedure for Giving Notice of All Such Proceedings, filed August 9, 2012 (the "Case Management Order").

2. The State and the Claimant have agreed that (a) the State issued the License(s) referenced below (License(s)) granting the licensee the right to appropriate water from the Basin and (b) as of the date of this Judgment, the License(s) are valid and the water rights evidenced by the License(s) have not been abandoned and are not subject to forfeiture.
3. Notice of the parties' request that the Court enter this Judgment and an opportunity to object to that request have been provided to water rights claimants in the Basin pursuant to this Court's Monthly Adjudication Report. Notice of the purpose and availability of the Monthly Adjudication Report was provided to all water rights claimants in the Basin pursuant to Rule 1-071.2(C) and the Case Management Order.
4. Any objections to the State's and Claimant's request that the Court enter this Judgment have been resolved in court proceedings pursuant to the Procedural Order Governing Expedited *Inter Se* Adjudication of State Law Water Rights.
